

## **BUS RULES and REGULATIONS**

The major responsibility for the safe transportation by school bus of children to and from school rests with the school bus driver. However, it is generally recognized that a safe, well ordered transportation system results from a cooperative effort on the part of drivers, pupils, parents, teachers, administrators and school board. To have a quality school bus program, certain rules and regulations must be instituted and followed to the letter. The driver has the full authority to maintain order on the bus. Any child who does not abide by the rules will be subject to disciplinary action and may lose the privilege of riding the bus. Students, who do not typically ride the bus, must have a signed note from the student's parents prior to riding the bus. This student is expected to follow the same rules and guidelines as the other students.
